

## WE NEED YOUR HELP!

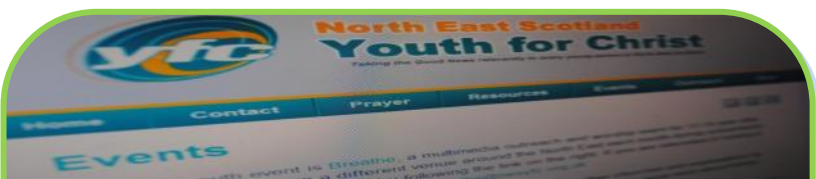

We urgently need to fill the following vacancies to help us reach more young people. Each role only requires around 2-3 hours per month!

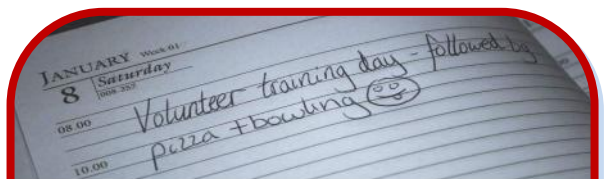

**Fundraising** Although much of our work is done by volunteers, we still need finance to support the active work of our ministry, and allow us to reach even more young people. We need someone who can focus on and coordinate the building up of financial support from businesses, local authority organisations, and personal givers who will also become prayer partners. Also, to make ongoing applications to trust bodies, plus any other fundraising activities you feel you may have a talent for.

**Treasurer** Managing payments in and out. Keeping ongoing accounts and producing year end accounts. Giving short financial report at monthly exec meetings. This is not a difficult job and help will be given.

**Publicity** This role is needed to increase awareness of the work of NESYFC in the area, liaise with the media, and communicate with supporters and prayer partners. To organise advance publicity for monthly Breathe events and help produce our quarterly newsletter.

**Volunteer Co-ordinator** Volunteers are central to our outreach and we also take their discipleship very seriously. This role involves looking after our team of young volunteers, and management of safeguarding procedures.
